

## LIP-9010 Button Layout

## Button Guide

1. **Menu:** access the settings for your phone, such as changing the font and display or changing the configuration.
2. **Transfer:** transfer the current active call or access the Program menu while the phone is idle.
3. **Directory:** accesses the private, public and internal phone books.
4. **Speed:** assign or use assigned speed dial numbers.
5. **DND (Do-Not-Disturb):** blocks incoming calls. You can also activate Do-Not-Disturb while the phone is ringing - this terminates the call and the caller will get a busy tone.
6. **Message:** access your voicemail box.
7. **Hold:** place a call on hold – the caller will receive on-hold music or comfort tones.
8. **Headset:** if a headset is plugged in this button allows you to toggle between the headset and handset.
9. **Mute:** mute the call so that the caller cannot hear your voice.
10. **Speakerphone:** toggle the speakerphone On and Off during a call.
11. **Volume control:** adjust the Ring, Headset, Handset, and Speaker volume.
12. **Call log:** a list of calls received, dialed and missed.
13. **Flex keys:** A line, feature or quick dial can be assigned to these 5 programmable buttons.

## Phone Directory

### Using the Phone Book Directory

Access the stored telephone numbers in your system

Press the **Directory** button followed by one of the following options:

Enter a minimum of **3 characters** using the phone keypad (A = 2 + 1, B = 2 + 2 etc.)

Use the navigation key to select a number or a name and press **OK**

Press **Send**

Speed Dial (ALL):

Press the **Speaker** button

Dial the desired **Speed Dial** number or \* to call the last dialled number

## Voicemail

Press the **Voicemail** softkey (if programmed) or press the **Message** button

Select **option 3** (Voicemail)

Enter **Station Number** followed by your **Password**

Once you have accessed your voice mail box the following options are available;

Main Menu:

Press 1: New Messages

Press 2: Saved Messages

Press 8: Set personal greeting & password

Press #: Disconnect

Press 0: Operator

Press 9: Repeat options

New Message Menu (Based on pressing 1 from Main Menu)

Press 1: New Messages (Press 1 to replay message)

Press 2: Skip to next message

Press 3: Delete current message

Press 4: Forward message to another user

Press 5: Call back the person who left the message

Press 6: Skip the current message

### Listening to Voicemail (Options)

## Dealing with calls

### Answering an Incoming Call

Lift the handset. To answer a call on another extension that is programmed to one of the phones 5 flex keys, press the flashing flex key *before* lifting the handset. You can also dial 566 to pick up any handset in your group, or dial \*77 and the station number to pick up a handset that's not in your group.

### Making an External Call

Lift the handset and press a free flex key allocated to a line, or dial 9 to pick up an outside line. Once you have an outside line, dial your number.

### Making an Internal Call

Lift the handset. Dial the extension Number or press the flex key assigned to the contact.

### Rejecting a Call

Press the **DND** button when a call comes in.

### Placing a Call on Hold

Press the **DND** button when a call comes in.

## Parking a call

### Parking a Call

To park an active external call, press **Transfer**, dial the park code (i.e. #601 for Park 1), and hang up. To retrieve a parked call, lift the handset from any handset and dial the park code.

### Camp On (Call Waiting)

When dialling an extension that is engaged, the Camp On feature allows the station to be notified that there is a call waiting. Press \* to wait off-hook or **Message** to request a call back.

## Transferring a call

### Transferring a Call

During an active call, press the **Transfer** button. Dial the extension number, external number or press the programmed flex key. Either speak to the recipient to announce the call, or simply hang up to complete the call transfer.

### Returning to Caller from a Transfer

If you are unable to transfer the call, press the Green flashing flex key to return to the caller.

## Redialling a number

### Call Log

Press the **right** navigation button. Scroll through the list using the **Navigation** buttons. To redial a number press the **OK** button.

## Features

### Do-Not-Disturb

Makes your extension unavailable

Press the **DND** key to activate. Press the **DND** key again to deactivate.

**Please note that this is not available on the attendant handset.**

### Ad Hoc Conference Calls

3 way calling

To call the first party, follow "Making an External/internal Call" above for instructions.

Once connected press the pre-programmed **CONF** flex key\* once.

Call the second party (as above).

Once connected, press the **CONF** flex key twice to connect the calls.

**\*To program a flex key, press Transfer then the key you wish to assign, dial 91 and then press OK.**

### Programming Call Forward (Routes your calls to another extension/group/speed dial) All these features will override your voicemail functions.

Press Speaker button  
Press Forward soft key  
Press 1: Unconditional  
Press 2: Busy  
Press 3: No-Answer  
Press 5: Off-Net Call Forward  
Press 0: Remote Forward  
Dial the Extension/Group/Speed Dial/Phone Number

Disable a forward by pressing the Speaker button then pressing the Forward soft key, following by pressing the # key
